A DAINY SUPPLY MODEL INCORPORATING

THE CONCEPT OF LIVESTOCK AS INVESTMENT INPUTS

A thesis presented in partial fulfillment of the requirements for the degree of
Master of Agricultural Science
in
Agricultural Economics and Marketing
at
Manasota University

P.G. Spackman

May 1977
Acknowledgements

I am in debt to my supervisor, Dr. A.C. Lewis for his advice, constructive comment and encouragement throughout this study.

This study was undertaken while employed by the Department of Agricultural Economics and Farm Management and I am grateful for the time made available to complete the study. I am in debt to several members of the Department for their advice and constructive comment during the model building stages and to other University staff for their help in the computing stages. I would also like to record my appreciation of the encouragement and understanding by other people connected with the study.

I fully appreciate the cooperation and assistance of the New Zealand Dairy Board and especially the Farm Production Division, in identifying data sources and in providing data.

The Market Research Centre, Massey University financed the computer work and for this I am sincerely thankful.
# Table of Contents

**Chapter 1. Introduction**  

**Chapter 2. The Supply Relationships in Agriculture**  

2.1 The Generalised Derivation of a Simple Multi-period Supply Function  
2.2 Difficulties in Supply Analysis  
2.2.1 Farmers' Objectives  
2.2.2 Complexities of Production  
2.2.3 Aggregation  
2.2.4 Technological Change  
2.2.5 Uncertainty of Prices and Production Responses  
2.2.6 Investment in Fixed and Quasi-fixed Factors of Production  
2.3 Relevant Previous Studies  
2.3.1 New Zealand Dairy Supply Studies  
2.3.2 New Zealand Dairy Farmers' Price Expectations  

**Chapter 3. Relevant Trends in the Region Under Study**  

3.1 Price Setting and the Release of Price Information to Suppliers in the Taranaki Region  
3.1.1 Milkfat Prices  
3.1.2 Surplus Calf Prices  
3.1.3 Cull Cow Prices  
3.1.4 Sources of Price Series and Movements in Prices  
3.2 The Farm Production Division's Survey of Factory Supply Dairy Farms  
3.3 The Taranaki/Western Uplands Region  
3.3.1 The Changes in the Average of the Taranaki/Western Uplands Factory Milk Supply Dairy Farms
