UNTAET	United Nations Transitional Administration for East Timor
VHF	Very High Frequency

Acknowledgements

General thanks must go to the New Zealand Defence Force and Royal New Zealand Navy for providing access and use of the research material for this work.

Throughout the process of researching and writing I have required the particular assistance of a number of people who I would like to acknowledge. My thanks go to:

Associate Professor Glyn Harper of the Massey University Centre for Defence Studies for supervising. Dr David Stevens and Jozef Straczek of the Naval History Directorate, Department of Defence, Australia for assisting with access and information concerning RAN ships. I also wish to thank Tyson Schmidt of the Office of the Auditor-General of New Zealand and Jan Gilmore of the RNZN library for assistance with research material.

Finally, Libby for constantly challenging my thoughts and ideas and accepting the numerous weekends of absence.
