Abstract

This animation focused project investigates fandom and, in particular, fan art. Through case study analysis of fan sites, the participant study of fans' creative practises, and animated argument, the project explores participatory culture from an insider's perspective.

Acknowledgements

I thank my supervisors, Caroline Campbell and Gray Hodgkinson for their patience, support and expertise over the course of this project. I would also like to recognise the generous contributions of Tanya Marriott Buckley, Roy Parkhurst and Karl Kane. They offered me invaluable opinion and assistance.

I thank my fellow MDes candidates for their encouragement and inspiration as well as my family and friends. Special thanks goes to my voice actors, Tanya Marriott Buckley, Garry Marriott Buckley, Caz Ting, Edwina Ting and Jay Wright, who brought the script to life and also Rachael Fogarty, who expertly untangled my exegesis.

Finally, I thank my partner, Paul Tobin, without whom there wouldn't have been a square one.
