ASPECTS OF THE AGRONOMY AND ECOLOGY
OF POA TRIVIALIS IN PASTURES

A Thesis
presented in partial fulfilment
of the requirements for the degree of
Doctor of Philosophy in Agronomy
at Massey University

Euan Wallace Vartha

1969

ACKNOWLEDGEMENTS

My supervisors, Messrs. W.A. Jacques and A.E. Esler, Formerly of Massey University and latterly Prof. B.R. Watkin of the University, and Dr. R.W. Brougham of Grasslands Division, D.S.I.R., are thanked for their guidance and criticisms of this study.

Acknowledgement is made of guidance from the late A.C. Glenday and Miss E. Stevenson, Applied Mathematics Laboratories at Palmerston North and Lincoln respectively, with statistical aspects.

I am indebted to the late Dr. P.D. Sears and Dr. L. Corkill, Directors of Grasslands Division, D.S.I.R., for permission to carry out this study.

TABLE OF CONTENTS

	Page
INTRODUCTION	1
REVIEW OF LITERATURE	4
Morphology	4
Reproductive characteristics	5
Influence of environmental factors on growth	
(a) Light	5
(b) Temperature	6
(c) Moisture	6
(d) Edaphic	6
Seasonal growth pattern	7
Occurrence of <u>Poa trivialis</u> in pasture	8
Source of seed	10
Comparative growth of <u>Poa trivialis</u> and ryegrass	10
Effect of sown <u>Poa trivialis</u> on pasture production	11
Effects of cultural treatments on occurrence or growth of <u>Poa trivialis</u> in pasture ...	11
EXPERIMENTAL	17
Occurrence of <u>Poa trivialis</u> in the field	17
Growth of <u>Poa trivialis</u> and perennial ryegrass separately and in combination, both with white clover, under cutting managements... ..	31
The effects of frequency and intensity of defoliation on the growth of <u>Poa trivialis</u> with perennial ryegrass... ..	45
Effects of nitrogen and phosphate on growth of <u>Poa trivialis</u> and ryegrass in association	53

	Page
Germination of <u>Poa trivialis</u> seed	62
Effects of shading on growth of <u>Poa trivialis</u>	66
Significance of growth form of <u>Poa trivialis</u> in interspecific competition	85
GENERAL DISCUSSION AND CONCLUSIONS... ..	105
