BIONOMICS OF THE PIED STILT (HIMANTOPUS LEUCOCEPHALUS)
IN NEW ZEALAND : WITH SPECIAL REFERENCE TO
BREEDING BEHAVIOUR.

A thesis presented in partial
fulfilment of the requirements for the degree
of Master of Science in Zoology at
Massey University

BRIAN F. McCONKEY

1971

THE PIED STILT

(HIMANTOPUS LEUCOCEPHALUS, Gould, 1837)

CONTENTS

<u>CHAPTER</u>		<u>PAGE</u>
I	INTRODUCTION	1
	A. Introduction	1
	i) Aims of the Study	1
	ii) Previous Work	2
	iii) Affinities	3
	B. Habitat Description	3
	C. Climatic Conditions	9
	i) Rainfall	9
	ii) Temperature	9
	iii) Wind	11
	D. Methods	12
	i) Observation	12
	ii) Measurements	13
	iii) Trapping and Banding	14
	iv) Automatic recording	19
II	GENERAL BIOLOGY	21
	A. Bodily Characters	21
	i) Measurements of Adult birds	21
	ii) Seasonal Changes in Body Weights	27
	iii) Seasonal Changes in Gonad Weights	29
	iv) Plumage and Plumage Cycles	33
	v) Status	38
	B. Food Analysis	42
	C. Parasites	45

<u>CHAPTER</u>		<u>PAGE</u>
III	NON-BREEDING BEHAVIOUR	48
	A. Dispersion	48
	B. Maintenance Behaviour	52
	i) Feeding	52
	ii) Bathing	54
	iii) Preening	55
	iv) Sleeping	57
	v) Pseudo-sleeping	58
	C. Aggressive Behaviour	59
	i) General	59
	ii) Intraspecific Reactions	60
	(a) Hunch Pursuit	60
	(b) Aggressive Upright	62
	(c) Parachuting	63
	iii) Interspecific Reactions	65
IV	BREEDING BEHAVIOUR	67
	A. Pair Formation	67
	B. Territorial Behaviour	68
	i) Size of Territory	68
	ii) Aggressive Upright	70
	iii) Parachuting	70
	iv) Choking	71
	v) Grass-pulling and Sideways- throwing	73
	C. Copulation	75
	D. Nest Building	83
	i) Nest site	83
	ii) Nest materials	87
	iii) Nest raising	87

<u>CHAPTER</u>		<u>PAGE</u>
	iv) Behavioural Elements	89
	(a) Nest-showing	89
	(b) Sideways-throwing	93
	(c) Sideways-building	93
	(d) Scraping	94
	(e) Settling	96
	E. Defence of Nest or Young	97
	i) Reactions to species other than man.	97
	(a) Swooping	97
	(b) Chasing	98
	ii) Reactions to Man	99
	(a) Aggressive flight	99
	(b) Furtive Run	100
	(c) Butterfly-flight	100
	(d) Lure display	102
	(e) False brooding	105
V	INCUBATION	109
	A. Egg laying	109
	i) Dates of Laying	109
	ii) Time of Laying	110
	iii) Clutch size	113
	iv) Egg measurements	117
	v) Relaying	119
	B. Length of Incubation	121
	C. Attentiveness	125
	i) Mechanical Records	125
	ii) Nest Relief	132
	D. Temperature of Incubation	138

<u>CHAPTER</u>		<u>PAGE</u>
VI	BREEDING SUCCESS AND CHICK BEHAVIOUR	141
	A. Egg Losses	141
	B. Chick Losses	146
	C. Influence of Laying Date on Breeding Success.	147
	D. Chick Behaviour	149
	i) Anti-predator	149
	ii) Aggressiveness	151
	iii) Feeding	151
	SUMMARY	152
	ACKNOWLEDGEMENTS	155
	APPENDICES	157-158
	REFERENCES	161-169

LIST OF TABLES

<u>TABLE</u>		<u>PAGE</u>
1.1	Major plant species found on Colony I.	7
1.2	Mean monthly measurements of Climatic factors over the Breeding Season.	20
2.1	Measurements of Adults.	22
2.2	Seasonal Bodyweight of Adults.	28
2.3	Seasonal Gonadweights.	30
2.4	Percentage Distribution of Adult Neck and Mantle Plumage Colouration.	34
2.5	Comparison of Adult Measurements with those of Oliver (1955) for Black and Pied Stilts.	41
2.6	Monthly and Yearly Percentage of Birds taking each species as prey.	43
4.1	Nesting habitat of the Pied Stilt.	85
5.1	Distribution of Clutch Size.	114
5.2	Size of smallest and largest eggs and position in the clutch.	118
5.3	Incubation and Body Temperature of the Stilt compared with Penguin and Skua.	120
6.1	Fate of Eggs lost from Hatching Clutches.	141
6.2	Fate of Eggs lost from All Nests.	142
6.3	Hatching Success on Each Colony.	143
6.4	Fate of Eggs in Each Colony.	144

LIST OF FIGURES

<u>FIGURE</u>		<u>PAGE</u>
1.1	Map of Area of Colony I.	4
1.2	Total weekly rainfall and mean wind force from beginning of laying.	8
1.3	Mean weekly temperatures throughout laying period.	10
1.4	Clap trap plan.	15
2.1	Length of Wing at First Primary.	23
2.2	Length of Tarsus.	24
2.3	Relation between Wing Length and Tarsal Length.	25
2.4	Seasonal Variation in Body Weight.	26
2.5	Seasonal Variation in Gonad Weight.	31
3.1	Arbitrary areas used in Analysing Stilt Dispersion.	49
3.2	Fluctuation in Stilt Population in New Zealand.	50
3.3	Fluctuation of Stilt Numbers in Each Area.	51
4.1	Number of Copulations per hour of observation in relation to number of eggs laid.	76
4.2	Occurrence of Copulation in Relation to Time of Day.	78
4.3	Mean Number of Nest Showing bouts in relation to Number of New Tests.	90
5.1	Spread of laying.	111
5.2	Number of Eggs Laid.	112
5.3	Records of spells of Incubation for typical day and night periods.	126
5.4	Mean length of sessions per day throughout the incubation period for three nests.	128
5.5	Percentage time on the nest per day throughout the incubation period for three nests.	130

<u>FIGURE</u>		<u>PAGE</u>
5.6	Patterns of Egg Arrangement within the Nest.	136
5.7	Two periods of temperature recording 12 hours apart.	139
6.1	Percentage of those eggs laid each week which hatched successfully.	148

LIST OF PLATES

<u>PLATE</u>		<u>PAGE</u>
Frontispiece	The Pied Stilt.	
1	Area of Colony I.	6
2	Mounds of Coarse Grass and Weeds.	6
3	Clap trap in set position.	16
4	Tambour chart recorder.	16
5	Radio Receiver for Temperature Impulses.	18
6	Temperature chart recorder.	18
7	Pair of stilts showing Individual Markings.	36
8	Preening stilt.	56
9	Sleeping stilts.	56
10	Hunch pursuit posture.	61
11	Aggressive Upright posture.	61
12	Parachuting display.	64.
13	Anxious or Alert Upright posture.	64
14	Neighbouring pairs choking.	72
15	One of each pair choking.	72
16	Female assumes Invitation posture.	80
17	Male flicking and dipping beak.	80
18	Male mounts and copulates.	82
19	Walking with Crossed Beaks.	82
20	Nest on Built up Mound of Mud.	86
21	Nest on River Shingle Bed.	86
22	Nest on Swamp.	88
23	Built up Nest on Swamp.	88
24	Male and Female Nest showing.	92

<u>PLATE</u>		<u>PAGE</u>
25	Sideways Building.	92
26	Scraping in Nest Cup.	95
27	Furtive Run posture.	101
28	Butterfly Flight.	101
29	Lure Distraction.	
	(a) Running from predator.	103
	(b) Facing predator.	103
	(c) Lying down.	104
	(d) Springing in the air.	104
30	Conflict Behaviour.	
	(a) Standing in Conflict.	106
	(b) Sitting down in Conflict.	106
31	False Brooding amongst Rocks.	107
32	False Brooding in Shallow Water.	107
33	Stilt Settling on Eggs.	134
34	Stilt beginning Sideways Building.	134
35	Stilt turning Eggs.	137
36	Chick showing Cryptic Colouration.	150
